

# Project Update

## St Annes Event Space

For any further information or queries please email:  
[listening@fylde.gov.uk](mailto:listening@fylde.gov.uk)

The ambitious regeneration project aims to create an attractive event space and enhance public area's in the heart of St Annes. Increasing events in the town centre will lead to more footfall from visitors and residents with the long term goal of generating economic activity. The event space is part of the St Annes Masterplan, which has been designed to improve the look and feel of the town centre, promote public transport and enhance the character of the conservation area.

### March Milestones: Progress Made

- North side - underground services are progressing well including lighting for the new seating and water connections for the drinking fountains.
- South side - the car parking area has been developed with new levels formed to create the new interface between the car park, highway and new shared community area.
- Drainage works are continuing in line with the programme.
- Water supply for drinking fountains completed.

### March Focus: Upcoming Work

- The second bus shelter will be installed at the new northern bus lay-by in early April after delays due to inclement weather in January. We thank passengers for their continued patience.
- Commencing block paving works.
- First stage tarmacking and kerbing.
- Installation of seating foundations.

Join us at the next Town Hall meeting on Wednesday 21st May.
